To Whom It May Concern:

Pascoe Transport has used Oak Tree Labour hire for the devanning of our containers for the last 2 years.

We have found their staff to be punctual, courteous and in general do a great job on what can be often a mundane and labour intensive job. We seldom have mistakes or damages.

Both Gay & Mike are great to deal with, ensuring we can get staff when we need them and keeping us informed if there is going to be a delay.

Pascoe Transport feel that Oak Tree staff do a great job, and should be given every bit of support and encouragement where possible.

Yours sincerely,

John Chick
